

BILL NO. G-96-09-22 As Amended

GENERAL ORDINANCE NO. G-25-96

AN ORDINANCE AMENDING CHAPTER 50: GARBAGE AND
REFUSE, OF THE CITY OF FORT WAYNE, INDIANA, CODE
OF ORDINANCES, ADJUSTING THE USER FEE FOR THE
COLLECTION AND DISPOSAL OF RESIDENTIAL MUNICIPAL
SOLID WASTE, YARD WASTE AND RECYCLABLES
INCREASING THE FEE BY ~~\$0.50~~ ^{\$0.25} PER MONTH EFFECTIVE
JANUARY 1, 1997.

WHEREAS, I.C. 36-9-30-21 provides that the Common Council of the City of Fort Wayne may, by ordinance, establish and maintain just and equitable fees for the collection and disposal solid waste; and

WHEREAS, I.C. 36-9-30-7 grants to the Board of Public Works the power to collect revenues for the service of collection and disposal of solid waste; and

WHEREAS, the City of Fort Wayne established a separate Solid Waste Fund effective January 1, 1995, in Ordinance G-11-94 for the purpose of accounting and paying for the costs of collecting, disposing and recycling of solid waste; and

WHEREAS, the Common Council of the City of Fort Wayne first established in Ordinance G-53-92, and subsequently re-established in Ordinance G-11-94, the policy that the residential solid waste user fee shall be adjusted as necessary to provide sufficient funds to pay any and all contract fees for collection, hauling and/or disposal of such residential municipal waste and all costs incidental to the program, but shall also strive to equitably assess charges in a manner conducive to voluntary recycling; and

WHEREAS, the Common Council of the City of Fort Wayne in Ordinance G-11-94 provided that the fee and residential municipal waste collection and disposal program shall be reviewed at least annually; and

WHEREAS, the contracts the City of Fort Wayne have entered into for the collection, hauling, disposal and recycling of residential solid waste contain annual inflationary cost and service cost adjustment clauses which have lead to an increase in the per ton contract costs to the City of Fort Wayne.

NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

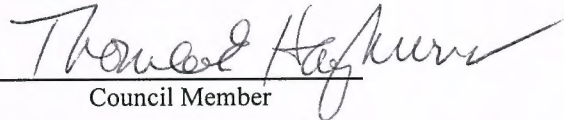

SECTION 1. Residential Solid Waste Fee Adjustment.

Effective January 1, 1997, the monthly residential solid waste fee for the City of Fort Wayne shall be ~~\$7.00~~ ^{\$6.75} per residential unit as defined in Chapter 50.02 of the City of Fort Wayne Code of Ordinances. This Rate shall remain in effect until such time as it is further amended by the Common Council of the City of Fort Wayne.

SECTION 2. Severability.

- a) The invalidity of any section, sentence, clause, paragraph, part or provision of this Ordinance shall not affect the validity of any other section, sentence, clause, paragraph, part or provision of this Ordinance which can be given meaning without such invalid part or parts.
- b) All Ordinances or parts of Ordinances and sections of the City of Fort Wayne, Indiana, Code of Ordinances in conflict herewith are hereby repealed.

SECTION 3. This Ordinance shall be in full force and effect after its passage and any and all necessary approvals by the Mayor and legal publication thereof.

City of Fort Wayne
ADMINISTRATIVE POLICY
for
Enforcing Chapter 50: Garbage and Refuse
October 1, 1996

The purpose of Chapter 50: Garbage and Refuse is to control the disposal of waste to limit unsightly storage that blights neighborhoods and to prevent sources of habitation and food for vectors, rodents, and other vermin that present a hazard to the public health. To this end, enforcing departments shall attempt to gain voluntary compliance with the requirements of Chapter 50: Garbage and Refuse, and will issue tickets when necessary to attain compliance. The authority for enforcing §50.03 through §50.06 is with the Fort Wayne Police Department, the Department of Neighborhood Code Enforcement, the Solid Waste Department, and the Allen County Department of Public Health.

Warning Tickets

For the first sixty (60) days after passage of this ordinance, enforcement authorities shall issue "warning tickets" only as a means to educate the public and gain voluntary compliance. After the 60-day warning period, enforcement authorities may issue citations under §50.07 as deemed appropriate to ensure timely compliance with the ordinance. Informational door hangers will also be provided to neighborhood associations to assist with educating the public on the requirements of the new ordinance.

Order of Primary Responsibility for Compliance

Property Owner

The property owner shall be responsible for providing sufficient refuse storage containers for the disposal of refuse (§50.03). If refuse storage containers are absent, inadequate, or not rodent proof, enforcing authorities shall cite the property owner with a violation.

Property Occupant

The occupant of the property shall bear the primary responsibility for all other aspects of compliance with Chapter 50: Garbage and Refuse. Enforcing authorities shall first cite the occupant (when property can reasonably be assumed to be occupied) for violations other than the provision of proper refuse storage containers.

Rental Property Move-Out Conditions

In recognition that tenants sometimes move out of properties without giving due

ADMINISTRATIVE POLICY

Enforcing Chapter 50: Garbage and Refuse

October 1, 1996

and proper notice to property owners, special attention shall be given to such situations when issuing citations. Any violations of Chapter 50: Garbage and Refuse, except with regard to the provision of refuse storage containers, shall first cite the occupant as the party with primary responsibility. If the property appears to be vacant with a recent tenant move out, the property owner shall be given seven (7) days to comply with any and all violations.

After the property is vacant for seven (7) days, the property owner will be deemed to be the party with primary responsibility for compliance with Chapter 50: Garbage and Refuse and enforcing authorities shall cite the property owner with appropriate violations.

Vacation Review & Analysis

Vacation Petition Number: 621 *17-96-09-23*

Location: 3415 Centennial Drive

Land Area: Approximately 0.27 acres

Zoning: M-2

Surroundings:

North	M-2	Industrial
South	M-2 & M-1	Industrial
East	M-2	Industrial
West	R-1	Residential

Reason for request (if given): Relocation of easements to allow development.

Planning Staff Considerations:

This plat was approved in August of 1995 and recorded on August 9, 1995. Lot #70, also known as 3415 Centennial Drive has a 20 foot utility and surface drainage easement located along its northerly property line. It also has easements located along its front and rear property lines. There is an easement located along its platted south line, which is subject to the previous petition, and is also included on this petition.

We contacted the attorney for the petitioners, questioning why this petition also included the easement along the platted south property line. There is a very small portion of the platted easement along the lot line between lot 69 and 70 that is located on the 3415 Centennial Drive purchased parcel. While the duplication is not absolutely necessary, the inclusion here clearly shows the mutual consent of the property owners.

As is sometimes common with industrial plats, the developer creates lots of a certain size only to find that the market wants a different size parcel. In this case lot 70 and a portion of lot 71 were purchased for future development. As the plat showed a surface drainage and utility easement along the north property line, the intended use of the site requires relocating the easement to the north. The abutting owners have signed the petition showing their consent. This previous petition would create a new utility and surface drainage easement along the new southern line of the ownership parcel.

Approval of the vacation should not negatively impact property values, nor should it hinder growth and orderly development of the area. The petitioners are willing to provide a replacement or relocated easement (to the north along the new

property/ownership line). Any utility need should be addressed by this proposed replacement or relocation. The petition will not impact any public access concerns as the subject of the vacation is a utility and surface drainage easement.

Finally, the conditions in the area have changed as evidenced by the manner in which the parcels were purchased. If the easement is left where it is currently located, it would potential restrict the optimal use of the parcel.

Recommendations: Conditional Approval, contingent upon the petitioner providing replacement utility and surface drainage easements as needed, and for the following reasons:

- 1) Approval will not negatively impact access to public streets or public places. The subject of the petition is a utility and surface drainage easement.
- 2) Conditions in the area have changed since the original grant of the easement as evidenced by the manner in which lots were purchased. The owned parcels no longer correspond to the platted lot lines.
- 3 Property values in the area will not be diminished by the vacation. The petitioner is willing to provide a replacement utility and surface drainage easement.

City Plan: IC requires that any public utility occupying the public way or easement shall not be deprived of the use for the location and operation of its facilities. The petitioner should provide a replacement utility and surface drainage easement as needed.

Traffic Eng. : Approved, no objection.

Street Eng. : Approved.

Water Eng. : Approved.

WPC Eng. - Sanitary : Approved, no easement required.

WPC Eng. - Storm : Approved.

Street Light Eng. : Approved.

Park Dept. : OK to vacate.

Technical Services : Approved.

Notification of proposed easement vacation was sent to NIPSCO, GTE North, Comcast and AEP on 09/23/96. Responses from them were requested within ten (10) days.
